## **tech rider**

### **gear:**

1 x good quality PA with 4 speakers and 2/4 subs proportioned to the venue

1 x 14/16 channels analog mixer with 2 aux bus sends min. and separate groups output to feed the 4 different speakers. (midas, mackie, yamaha, soundcraft)

2 x monitors - stereo (If it is not possible to play in the room)

1 x table - min. 170cm large.

4 x electric plugs (for EU 220v appliances)

### **soundcheck:**

1 hour including setting up, I prefer not to move my gear after soundcheck is finished.

### **food:**

I eat/drink everything. If it's a late dinner schedule please provide some salty snacks & fruit & drinks in the backstage thanks.
